RADIO PLANT TO TRIPLE OUTPUT -- Nachrichten fuer Aussenhandel, No 12, 11 Feb 50

Phonetika, one of the factories included in the Association of People-Owned Radio Equipment Enterprises, is scheduled to triple its 1949 production in 1950. The plant, located in Berlin-Weissensee, produces radios and radio tubes, as well as machines for the manufacture of tubes and electric-light bulbs. In the future, Phonetika will also manufacture transmitter and vacuum tubes. Production of primary receivers will be increased.
